Please share feedback on your course experience during the COVID19 pandemic. Your comments on different aspects of the course (such as lectures, virtual sessions, online discussions, course communications, assignments and testing methods) will be appreciated.

- it felt like nothing changed, she was the only constant amid the ever changing pandemic
- This class was not too negatively affected since many of the components were done online regardless.
- The course during COVID19 went swell and it was a smooth transition after the first week. Everything was as normal as can be while we're all stuck at home.
- The lectures were basically the same. It was a smooth transition online.
- Good accommodations for covid
- Was made clear and easy to adjust to during these trying times.
- This online transition was easy, and the professor went through the pain of explaining everything that she did.
- She was very helpful
- She worked very hard to give us resources during COVID 19
